

Partners Party | a benefit for Guardian Partners

Wednesday, October 7, 2020 at 7pm

Watch from home – Partners Party is going virtual!

About Guardian Partners

Guardian Partners was founded in 2013 to prevent abuse and neglect of people with cognitive disabilities through education and case monitoring.

Seven years later, we are operating in six counties, monitoring more than 100 Guardianship cases per year and offering classes to newly-appointed Guardians and other fiduciaries which benefit more than 5,000 Oregonians.

About Partners Party

Each year 200 people come together to raise critical funds for our work; we hope to reach even more this year as the event goes online with no admission cost.

Join us to take a stand against abuse of people with disabilities. You'll connect with local attorneys and other professionals, civic leaders, nonprofit specialists, community stakeholders and more. The evening will video presentations, entertainment, auction items and a chance to donate. You can enhance your evening with wine and a catered meal delivered to your home!
